- Return Visit to Cameroon
- Clinic in Nghe Completed

I wish that you could share with us first hand our excitement to serve our Lord Jesus Christ in Cameroon. He opened the door again for us to go back to Africa (Cameroon) to finish our clinic in Nghe, which we established a year ago. The people of Nghe were waiting on the road to greet us upon our arrival. As happy as they were to see us, we were distressed to the same degree by their condition of ailments, malnutrition, disability, and poverty.

After we greeted all the people, Dr. Soliman presented to them the love of Christ in a short message of salvation and brought them the Good News about Jesus. Many accepted Christ as their Savior. It was our pleasure to distribute to the children some gifts of candy, toys, toothbrushes, and clothing. The smiles on their faces were priceless.

Then each of our members started to comfort and treat them. Larry Jacob, with his technical expertise set up the equipment in no time. He made it very easy for us to perform out treatment in these difficult circumstances. Dr. Soliman did his

best to treat as many patients as possible with medical and dental treatment. During the course of treatment he not only treats their physical problems, but also their spiritual needs by counseling with them and encouraging each one to know Christ and accept Him as their personal Savior.

Dr. Mark Guffy was very diligent to treat every patient with the love and care of Christ during his diagnosis and prescribing the proper medication. Then, without fail he takes the time to pray with each and every one. Shirley Craig did an outstanding job organizing the pharmacy and dispensing the prescribed medicines and vitamins, as

well. Not to mention Linda Allison with her patience, kindness and zeal to serve the Lord by organizing and arranging the entire trip. She was working around the clock ordering the supplies and medicine and making sure we received them on time. She arranged for the flight and transportation and every accommodation to make it easy and comfortable for all of us.

# Africa Mission

It is amazing how the Lord uses every one of us according to our abilities to bring glory to Him. There is no age limit when the Lord is being glorified. One of team members, Mrs. Gwendolyn Clayton, was about 80 years old and the Lord used her greatly to minister the whole day long from 8:00 in the morning

until late evening with singing, prayer, reading the Bible, and witnessing to all the people waiting for treatment. She was a great instrument in our revival in Cameroon. Because of her ministry

many came to Christ and experienced His love and care through her. She was a blessing to all of us.

We will never forget when many young people accepted Christ after the Sunday service with commitment and tears in their eyes to serve the Lord. Our hearts were touched when we saw the wonderful of Christ in these people. We praised Him and honored Him for His love and mercy.

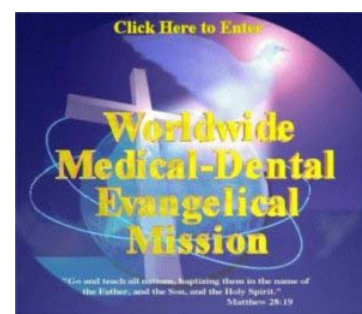

When we came back home about two weeks later we felt the joy and peace in our hearts and were honored that the Lord used us to be His servants, we who are sinners and saved by His grace.

Please, come share with us the blessed work for Christ and fulfill His commandment in Matthew 28:19, "Go and teach all nations and baptize them in the name of the Father, the Son, and the Holy Spirit."

It will be a blessing for us to hear from you.
